1. Selfcare Principles

- Selfcare - 70%. Treatment - 30%.
- Prevention (Selfcare) > Treatment.
- Be united with the Nature as one, follow the Nature.
- The best healer is yourself.
The best medicine is food.

If you rely everything on me, you have to be my patient for a life time, one doctor said.

magictcm.com

2.Liver in TCM

2.3 5 colors – 5 Organs

Green color food enters Liver.

Red color food enters Heart.

Yellow color food enters Pancreas.

White color food enters Lung.

Black color food enters Kidney.

Looking at the green color of pictures and trees can be good for your liver too.

What we see, what we eat, what we smell, what we hear and how we live influence our body the most.

2.Liver in TCM

2.4

Liver's function

- ①Regulates the volume of circulating blood,
- ②Maintians the free flow of Qi,
- ③Controls the tendons & ligaments,
- ④Manifests in the nails,
- ⑤Opens to the eyes.
- ⑥Etc.

※Any disorders of Qi, blood, tendons, ligaments,nails, eyes and tears(liquid in eyes) are related to liver.

2.Liver in TCM

2-5. Liver Meridian

- Liver Meridian starts from hairy region of great toe.
- Runs up-ward along the dorsum of foot and medial side of legs to the pubic hair region.
- And then goes up to lower abdomen.
- Runs up and curves around the stomach to enter the liver, and connect to gall bladder.
- Passing through diaphragm and branching out to reach costal and hypercondriac region.
- Ascends along posterior aspect of throat and nasopharynx and connect to eye system.
- ✘ Any disorders on the route of liver meridian belongs to liver, and can be treated by points of liver meridian.
- ✘ Long-term disorders or stagnation on liver meridians can stress/depress the liver organ.

2.Liver in TCM

2-6

Liver disorders

A.Liver qi stagnation (dysfunction of liver in maintaining the free flow of qi) Can cause,

- ① Distending or bloating sensation or pain,
- ② Mental disorders, like depression, paranoia, even weeping, etc..
- ③ Etc..

B.Liver qi hyperactivity Can lead to irritability, red eyes, anger, insomnia, dream-disturbed sleep, headache, dizziness and vertigo, etc..

3. Five behaviors that can hurt your liver

- ① Excessive drinking.
- ② Lack of sleep.
- ③ Eating greasy food.
- ④ Often Angry.
- ⑤ Excessive smoking.

※ Do you know that liver is an organ that never cry?
Please never neglect it!

3. Why we have to take care of liver?

Better liver Generates better Heart
Better Heart Generates better Spleen.
Better Spleen generates better Lung
Better lung generates better Kidney
Better kidney generates better Liver.

In TCM terms, it is,

Liver (Wood) stores blood to nourish Heart (Fire)

Heart (Fire) warms Spleen (Earth)

Spleen (Earth) transforms and transports Qi (nutrients) to replenish Lung (Metal)

Lung (Metal) descend Qi to nourish Kidney (Water)

Kidney (Water)'s essence nourish Liver (Wood)

The mutual-generating relations between five organs, is a virtuous circle.

4.Goal of LiverCare @ Spring

- ① Prevent liver or other diseases.
- ② Control liver diseases from getting worse.
- ③ Get ready for the task of next season. Better gereneration (Liver function) for better growth (Heart Function)in Summer.

※Our mother nature is selfishless. Every season, what they do is not for themselves but geting ready for the next season.

※In TCM, Liver is the mother of Heart.

Better Liver is for better Heart.

5.What should we do in Spring ?

5-1. Life Shcedule

①Ensure enough sleep

From 11pm to 3am, it's time for liver's detoxification, try to get in deep sleep before 11pm is very important.

②Exercise properly

To relax the stiff muscles and tendons from cold winter. Hiking, slow running,Tai chi are very good physical excises in spring.

5.What should we do?

5-2.

Diet

- ① Try not to eat too greasy, spicy and rich-fat or high-protein food.
- ② Try to eat green vegetable. In TCM, natural Green-color food enters liver.
- ③ According to modern science, vitamin C can be helpful in detoxification of liver's function. So, try to eat the fruit that is rich in Vitamin C, like orange, pomelo, tangerine, lemon.

5.What should we do?

5-2. Diet

④ Less sour taste , more sweet taste.

In Spring, liver is slightly hyper than other organs, Sour tasting food can make the liver hyperactive, which might break the balance between internal organs.

magictcm.com

5.What should we do?

5 - 3. Drink Try not to drink.

Try the following tips when you have to drink.

- ①Drink some milk before drink wine.
Because milk can make a protective layer to prevent the absorbtion of alcohol to reduce the burden for liver.
- ②Drink some honey water after you drink.Because the fructose can promote the clearing speed of the alcohol in the blood.
- ③ Bean consumption has Lecithin that can protect liver. you can take it before or after drink.
- ④Try not to drink with an empty stomach.

5.What should we do?

5-4.Life Attitude

No doubt about that keeping a optimistic & peaceful mental condition can benefit your life.

In Spring time, it's every important in liver's functioning. Angery hurt your liver definately.

5-5. Keep Warm.

Do not expose your body to the air too early. Liver dominate the Qi ascending, keeping warm can help the Qi arising and keep the pores open for detoxification.
